This catalog contains sections specifically separated into mechanical and electrical aspects as they relate to the GEM car(s). This catalog is intended as a tool to locate and identify parts for replacement and part ordering. The catalog is written for both US/Domestic and International usage. A majority of the written materials are standard equipment for both US/Domestic and International vehicles, though there are also materials noted strictly for US/Domestic or International usage. These materials specific for International usage are identifiable by literature stating ***(Standard Component for European/ International Homologated Vehicles)***. Section 12 – European/International Components, identifies all other standard equipment for International vehicles that are not available as Standard or Optional Equipment for US/Domestic released vehicles.

PARTS ORDERING INFORMATION

If you need service or parts for your GEM car:

For service assistance or parts, contact your nearest authorized GEM car dealer or the factory. Your nearest authorized GEM car dealer will need to know the Vehicle Identification Number (V.I.N.) of your vehicle to provide the most efficient service. See below for information on how to identify and record the V.I.N. for your vehicle.

REPLACEMENT PARTS

Only genuine GEM car replacement parts should be used to repair the vehicle. GEM car replacement parts are available from your GEM car Dealer. To obtain prompt, efficient service, remember to give the Dealer the correct part description and V.I.N. number of the vehicle.

When ordering parts for your GEM car provide the following:

1. The V.I.N. of your vehicle.
2. The PART NUMBER of the part.
3. The PART DESCRIPTION.
4. The QUANTITY needed.

⚠ WARNING

We urge using only genuine replacement parts, which meet all the latest requirements. Replacement parts manufactured by others could present safety hazards, even though they may fit on this unit.

V.I.N. DECAL LOCATION

Always give your authorized GEM car dealer the V.I.N. of your vehicle when ordering parts, requesting service, or any other information. Remember to record the last six digits of your Vehicle Identification Number (V.I.N.) in the space provided below before calling. Use (Fig. # 1 - 3) to locate the V.I.N. decal. To verify that you are listed as the registered owner of your GEM car/V.I.N. in the Chrysler Group Global Electric Motorcars database you can call 1.866.764.0616.

HOW TO USE THIS CATALOG AND LOCATE PARTS

This catalog is divided into Item Class Groups in which illustrations for parts of a similar function and/or location are published.

Option 1: From the contents page of the parts catalog, select the section which would most logically contain the part to be found. When the part is found, then determine if the part is for your model of vehicle by located the correct icon at the top of the page. (See illustration below “Determining if the part is for your model of vehicle”)

Option 2: If the part number is known but the applications and/or locations need to be determined, refer to the numerical index. This index shows the **Part Number**, **Description,** and **Page Numbers** that the item is listed.
